## Venue Details

Understanding the layout and specifications of the venue will help you prepare for a smooth move-in, setup, and move-out. Please review the details below carefully as you plan your display and shipping.

### Venue Location

- Venue: Tucson Convention Center
- Address: 260 S. Church Avenue, Tucson, AZ 85701
- Hall: Grand Ballroom

### Venue Flooring

- Flooring Type: Carpet

Floor Protection: If your display includes items that could damage the flooring, you are responsible for providing protective materials such as tarps, plywood, or carpeting.

### Ceiling Height

- Ceiling Height: 20'

### Load-In Door Dimensions

- Load-In Door Height: 7'2"
- Load-In Door Width: (8) 3'4"

*Tip: Measure your largest items to confirm they will fit through the loading doors.*

### Loading Area

Loading Area Availability: The loading area is available during designated move-in and move-out hours only.

Loading Dock: This venue does not have traditional loading dock access. You should plan accordingly and ensure your vehicle is equipped with a way to unload your materials, either by using a lift gate or a ramp. Please make sure your team is prepared to unload safely and without reliance on a dock-height platform.

Loading Area Equipment: Exhibitors are strongly encouraged to bring their own carts, dollies, or hand trucks to move materials. While the decorator provides a limited number of carts, availability is not guaranteed.

Loading Area Access Reminder: After unloading, before setting your booth, you must move your vehicle promptly to keep loading areas clear.

### Venue Access & Restrictions

Access During Show Hours: Venue Hall access is limited to official exhibitor hours. Early access or late-night setup is not permitted.

Loading & Unloading Timing: Access to loading area is only available during move-in and move-out hours. Plan your arrival accordingly.

### Trash & Clean-Up Policy

You are responsible for removing all trash, packaging, and booth materials from your space during both move-in and move-out.

Please do not leave garbage, broken displays, empty boxes, or leftover materials on the show floor. Any items left behind may result in cleaning fees or removal charges from the venue. If you have questions, please visit the information booth on site.

### Tape & Adhesive Use on the Show Floor

To protect the venue flooring, only approved, low-residue tape may be used when installing your booth or securing carpet and flooring materials.

#### Approved Tape Types

You may only use:

- Gaffer's tape
- Double-sided cloth tape made for event flooring
- Painter's tape

#### Prohibited Tape Types

- Duct tape
- Masking tape
- Carpet tape not labeled residue-free
- Any other high-adhesive or commercial-grade tape that may leave residue or damage the floor

Using unapproved tape may result in cleaning fees or damage charges from the venue.

### How to Tape Down Your Carpet (Safely)

If you're bringing your own carpet or flooring, here's how to properly secure it:

- Tape around the perimeter: Secure all four edges directly to the venue floor using approved tape.

- Tape along seams: If using multiple carpet panels, tape where the panels meet to keep them from separating.
- Test your tape first: Always test a small area before fully applying tape to ensure it does not damage or leave residue on the floor.

You are responsible for bringing your own tape to show site.

## Vehicles & Trailers as Booth Displays

Vehicles and trailers are not permitted at this venue.

## Decorator & Furniture Services

Your booth does not include tables, chairs, or carpet. Exhibitors can either order furniture from the show's decorator or bring in their own furniture/materials. Any materials you bring in must be able to fit inside your booth.

### How to Order

Exhibitors who choose to order furniture or materials from the decorator can do so via the "Service Provider Forms" located on our website. Service provider forms will be available on our website four weeks prior to the show. You will be responsible for submitting your own order forms directly to the service provider. Please read the order forms carefully, as they have instructions for submission and payment.

### When to Order

Show management highly recommends that you place your furniture orders prior to move-in day. Ordering in advance helps ensure availability and may also qualify you for discounted pricing from the decorator.

### On-site Order Policy

Exhibitors who place their orders on site risk that furniture will be sold out by the time the move-in starts. Due to the volume of decorator orders, our decorator staff will be extremely busy on site. This means that on-site orders may take longer to arrive at your booth. Avoid long waits, or sold out furniture by ordering prior to the show.

## Electrical Services

Your booth does not include electric or power drops. Exhibitors who need electric can order power from the show's electrical service provider.

### How to Order

Exhibitors who choose to order electric from the electrical service provider can do so via the "Service Provider Forms" located on our website. Service provider forms will be available on our website four weeks prior to the show. You will be responsible for submitting your own order forms directly to the service provider. Please read the order forms carefully, as they have instructions for submission and payment.

### When to Order

Show management highly recommends that you place your electric order prior to the move-in day. Ordering in advance helps ensure availability and may also qualify you for discounted pricing.

### On-site Order Policy

Exhibitors who place their orders on site risk that the electrician will not be able to get power to your booth. Due to the volume of electric orders, our electrical staff will be extremely busy on site. This means that on-site orders may take longer to arrive at your booth. Avoid long waits, or the inability to have power run to your location by ordering prior to the show.

### Alternative Power Source Policy

Alternative power sources, such as battery backups or generators are not permitted. Exhibitors who bring any of these into the building will be asked to remove them. Failure to remove alternative power sources may result in your booth being shut down. Exhibitors who require electric must order via the show's electrical service provider.

## Wi-Fi & Internet Services

Wi-Fi is not available at this venue. Hardline wired connection via an ethernet cable is not available.

### Mobile Hotspot Set-Up

It is highly recommended to use your own mobile hotspot, you are welcome to do so. Please note:

- Mobile hotspot performance depends on your cellular carrier's signal strength inside the venue.
- We recommend testing your hotspot connection during move-in to ensure it meets your needs.

## Shipping & Material Handling

Shipping options and material handling services vary by show. It is your responsibility to confirm with the decorator whether these services are available for your event.

### Confirming Services

If you need shipping, freight handling, or advance warehouse services, please reach out directly to the official decorator. You can find the decorator's contact details and order forms in the "Service Provider Forms" available on our website.

*Tip: When contacting the decorator, be prepared to provide your estimated shipment size, weight, and delivery timing. This will help them guide you to the best options.*

### Shipping Responsibilities

You are responsible for:

- Arranging all shipping and freight services with the decorator or a third-party carrier.
- Tracking your shipments to ensure timely delivery.
- Being on-site to receive and sign for your materials.

Show management and venue staff are not permitted to sign for exhibitor shipments. Shipments will be turned away if you or a member of your team are not available to sign for the delivery. Please plan accordingly with your third party service providers and team.

### Material Handling & Drayage

If the decorator offers material handling services at your event, fees and handling times will vary based on shipment size and timing. Be sure to confirm rates and deadlines directly with the decorator.

*Note: Shipping your materials to the venue does not automatically place them at your booth. Material handling, also known as drayage, involves moving your shipment from the loading dock or warehouse to your booth space.*

### Labeling Your Shipments

If you plan to ship materials, follow the labeling instructions provided by the decorator to ensure your freight is properly routed. Incorrect or incomplete labeling may result in delays or additional handling fees.

## Food Sampling & Selling

Before you plan to sample or sell food or beverages at the show, it's important that you review the policies outlined below. Venue rules and local health regulations must be followed at all times.

### Food Sampling

Food sampling is allowed at this event under the following conditions. You must follow these rules to remain in compliance with venue regulations:

- Food sample size must be 3 oz or less
- Non-alcoholic beverage sample size must be 3 oz or less
- All samples must be distributed free of charge and intended to promote your products or services.
- Providing samples in excess of these sizes — or without following these rules — may violate venue policies and could result in removal from the show floor.
- Sampling may require a health permit and/or a venue sampling form. Please review the sections below for specific requirements.
- You may only sample food or beverages that your business produces or sells.

Samples used purely for traffic promotion must be purchased directly through the venue. Please see the example below.

*Example: A DJ would need to purchase cookies through the venue if they wanted to use them for promotional giveaways. In contrast, a baker can sample cookies as part of promoting their own product, and does not need to purchase them through the venue.*

Exhibitors must let American Consumer Shows know if they are sampling food before the show. This notification is typically communicated during the exhibitor sign-up process. If you did not let ACS know during that time, you must notify us via email at least two weeks before the show at [ops@acsshows.com](mailto:ops@acsshows.com).

After submitting your request, you must receive a confirmation email from ACS acknowledging that your request was received and providing instructions on what to do next. If you do not receive a confirmation, your sampling request is not considered approved.

### [How to Notify ACS - Food Sampling](#)

Email [Ops@ACSshows.com](mailto:Ops@ACSshows.com) with the subject line:

*BTS S26 - Food Sampling Notification*

#### Your email must include:

- Your company name
- The contact name and email address of the person requesting approval
- The type of food or beverage you intend to sample
- How the product will be prepared, stored, and served at the show
- Any equipment or heat sources you plan to use (e.g., warmers, coolers, tabletop appliances)

### [Venue Sampling Form](#)

A sampling form is not required to sample at this venue.

### [Health Permit](#)

A health permit is required to sample at this venue. Please note the following:

- The health permit can be found on our website under "Exhibitor Forms".
- You must submit your own health permit to the city.
- You must submit your health permit two weeks prior to the show. Exhibitors who submit their health permits late may not be approved.

### [Food Selling](#)

Food and non-alcoholic beverages are not permitted to be sold at this venue.

### [Alcohol Sampling & Selling On-site](#)

Alcohol sampling or selling on-site is strictly prohibited at this venue.

### [Cooking Restrictions](#)

Exhibitors are permitted to cook at the show using electric equipment only. The use of open flames, propane, butane, or any gas-fueled devices is prohibited.

- Frying and hot oils are strictly prohibited at this venue

#### All cooking devices must:

- Be UL-listed or ETL-certified
- Be used only in accordance with the manufacturer's instructions
- Operate safely within the confines of your booth space

Any food prepared and sampled while cooking must follow the Food Sampling guidelines outlined in the section above, including sample size limits and approval requirements. Any violation of this policy may result in removal of the equipment or disruption to your booth activity.

## Covered Booth Policy

A covered booth is defined as any exhibit space with an overhead structure, including roofs, canopies, tents, or any other materials that form a ceiling. Please note that covered booths may require additional fire safety precautions, such as fire-resistant materials or proper ventilation, in accordance with venue and fire marshal regulations.

### [Covered Booth Policy](#)

Covered booths at this event requires prior approval from American Consumer Shows and the venue. This information is typically collected during the exhibitor sign-up process. If you did not provide details at that time, you are required to email us at least two weeks prior to the show. Late requests may not be approved. If approved, you will be allowed to use covered booths in your display under the following conditions:

- Pop up tents are not permitted with the top on.
- You have a valid certificate of fire retardancy for the covered booth.
- You have a 5lb fire extinguisher within your booth.
- You have a smoke detector within your booth.

### [How to Notify ACS - Covered Booth](#)

Email [Ops@ACSshows.com](mailto:Ops@ACSshows.com) with the subject line:

*BTS S26 - Request for Covered Booth*

Your email must include:

- Your company name
- The contact name and email address of the person requesting approval
- Photos of the covered booth display
- Full dimensions (length, width, height, and weight)
- The type of covered booth you want to use in your display (roof, canopies, tents, etc.).

Failure to meet these requirements may result in modification or removal of your covered booth, as determined by show management or the local Fire Marshal. Non-compliant booths may be delayed during setup or denied access to the show floor.

## Animal Display Guidelines

If you plan to include an animal in your booth display, you must notify American Consumer Shows in advance. This information is typically collected during the exhibitor sign-up process. If you did not provide details at that time, you are required to email us at least two weeks prior to the show. Late requests may not be approved.

Leashing

All dogs must be leashed at all times to ensure the safety of attendees and other animals.

Cleanup Responsibility

Exhibitors are responsible for all cleanup associated with their animals. This includes bringing your own cleanup materials, such as waste bags, disinfectants, and any other necessary supplies to maintain a clean and safe environment for all.

Barn Animals

The use of barn animals in displays requires prior written approval. If you have already gotten approval during the exhibitor sign up process, no action is required. If you did not get approval beforehand, please note the following:

How to Notify ACS - Animal Displays

Email [Ops@ACSshows.com](mailto:Ops@ACSshows.com) with the subject line:

*BTS S26 - Request for Animal Display*

Your email must include:

- Your company name
- The contact name and email address of the person requesting approval
- The type of barn animal you'd like to display
- The amount of animals you plan to bring
- The type of containment you'll have in your booth for the animal (Example: A cage or pen)
- The cleaning materials you'll bring to clean up after the animal

## Cold Sparks, Fog Machines, & Special Effects

Cold spark machines and similar special effects devices are not permitted at this venue.

This includes:

- Cold spark fountains or pyrotechnic displays
- Simulated flame effects
- Fog Machines
- Any special effect device that emits heat, sparks, or smoke

These effects pose potential fire, safety, and liability concerns and are strictly prohibited, regardless of the equipment's safety rating.

## Music & Audio In Booths

To protect the show environment and ensure every exhibitor can conduct business without disruption, playing music in your booth is strictly prohibited. This includes live music, recorded tracks, background playlists, or any form of amplified audio.

Policy Enforcement

ACS has a zero tolerance policy for music. If you play music at your booth:

- You will be asked to turn it off immediately.
- Repeated violations will result in your removal from the show floor.

If you experience an issue with a neighboring exhibitor playing music or disruptive audio, please report it directly to show management at the Information Booth. Do not attempt to address the issue yourself. Our team will handle it promptly and professionally.

## Exhibitor Etiquette

As an exhibitor, you represent your brand, your industry, and the overall experience of the show. To help create a welcoming, respectful, and productive environment for both attendees and fellow exhibitors, we ask that you follow these etiquette guidelines throughout the event.

### Stay Within Your Booth Space

- All displays, products, signage, and staff must remain within the boundaries of your contracted booth.
- Aisles must remain clear at all times to ensure safe and smooth traffic flow for all attendees.
- You may not extend tables, literature, or promotional materials into common areas or another exhibitor's space.

### Remain for the Full Duration of the Show

- Exhibitors are expected to remain fully set up and staffed during all open show hours.
- Early breakdown is not permitted. Dismantling your booth before the show officially ends disrupts the event and creates safety hazards.

### Engage Professionally

- Be courteous to attendees and respectful of neighboring exhibitors.
- Loud behavior, aggressive sales tactics, or interfering with another exhibitor's business is prohibited.
- Do not approach or pull attendees from the aisles or from neighboring booths. All interactions should take place within your own booth to maintain a professional and respectful environment for all exhibitors.

### Be Present and Prepared

- Have at least one staff member present at your booth at all times during show hours.
- Avoid leaving your booth unattended. It sends the wrong message to potential customers and can lead to loss or theft of materials.
- Avoid texting or eating while in your booth, as it may give attendees the impression that you're unavailable or uninterested. Staying attentive helps create a welcoming and professional atmosphere that draws consumers in.

Following these guidelines helps create a better show experience for everyone and leaves attendees with the best impression of your business.

## Adhesive Stickers

Stickers of any kind are not permitted to be distributed at this event. This includes adhesive labels, promotional stickers, logo decals, and similar items.

Exhibitors are not allowed to hand out, display, or apply stickers at any time — in or outside of their booth space. Stickers are often found on walls, floors, and venue property, which results in costly cleanup and damage fees.

Any exhibitor found distributing stickers will be held responsible for the cost of custodial services billed by the facility.

*Tip: Choose alternative promotional materials such as business cards, flyers, or postcards that don't create cleanup issues.*

## Balloons

Helium balloons are not permitted at this event. This includes helium filled balloon arches, individual helium-filled balloons, or any inflatable elements that require helium to stay aloft.

Air-filled balloon décor (such as columns or garlands) may be allowed, but it must remain within your booth space and not interfere with aisles, signage, or overhead fixtures.

## Products & Services

Only the products and services listed on your exhibitor contract may be promoted, displayed, or sold at the show. This ensures that all exhibitors are presented fairly and that the event remains consistent with what attendees expect to see.

If you display items or offer services that were not approved during registration, show management reserves the right to ask that those items be removed immediately.

### Failure to comply may result in:

- Removal from the show floor
- Forfeiture of your booth cost
- Denial of participation in future events

## Signage & Display Heights

All signs, banners, and display elements must remain within the approved height limit of 8 feet, unless you receive written approval from show management.

### Standard Signage Rules

- Your signs and banners must not exceed 8 feet in height without advance approval.
- Any approved signage extending above 8 feet must be single-sided and facing into your own booth only.
- Signage must not block, hang over, or encroach on neighboring displays — no exceptions.

### Recommended Banner Setup

If you plan to hang a banner on the pipe-and-drape backdrop, we strongly recommend using a banner with grommets along the top edge for easier setup.

- You are responsible for bringing and securing your own signage.
- Your banner must not interfere with neighboring booths that share the same backdrop pipe.
- While S-hooks may be available from the decorator on-site, availability is not guaranteed. Bring any hardware you need to safely hang your sign.
- It is recommended that you bring your own step ladder to help hang up your signage. Standing on tables or chairs is not permitted.

### Venue Restrictions

- Do not tape, attach, or mount signs to the venue walls or ceilings under any circumstances.
- All signage must be completely contained within your assigned booth space.

## Janitorial & Trash Removal Guidelines

Venue staff will handle janitorial services in all general public areas, including aisles, lobbies, and restrooms. These areas are cleaned regularly during and after the show.

However, you are responsible for removing all trash and debris from your booth space throughout move-in, show hours, and move-out.

### What You Need to Know:

- Please place any small garbage (like paper, packaging, and food wrappers) in the provided venue trash bins.
- Do not leave large or bulky trash — including broken displays, boxes, pallets, or product waste — on the show floor.
- You must take all display materials, packaging, décor, and large trash items with you at the end of the show. Do not leave anything behind, including items that do not fit in venue trash bins.

## Distribution of Materials & Promotional Items

Exhibitors are permitted to hand out flyers, catalogs, brochures, folders, and promotional items within their booth space only. Distribution of any materials in aisles, lobbies, or from booth to booth is strictly prohibited.

Exhibitors are not allowed to stand, pitch, or linger in the aisles at any time. All interactions and displays must take place within the boundaries of your contracted booth space. No portion of your display or promotional materials may extend beyond your booth. This includes signage, tables, racks, or other items.

Canvassing, soliciting, or passing out materials in any part of the exhibit facility or parking lot by non-exhibitors, or on behalf of non-exhibitors, is not allowed.

You are welcome to display, demonstrate, offer samples, and sell products only within the boundaries of your assigned booth.

*Tip: If you notice someone violating this policy, please do not confront them directly. Instead, report the issue to show management at the Information Booth so our team can handle it appropriately.*

Placing flyers on vehicles in the parking lot is strictly prohibited. Exhibitors found doing so may be billed by the venue for cleanup and custodial services.

## Security & Exhibitor Responsibility

At the close of each show day, American Consumer Shows staff will walk the show floor to ensure all attendees and exhibitors have exited. Once the hall is cleared, the venue will be locked and secured for the night.

Each morning, doors will open to exhibitors one hour before the show opens to the public. You must have at least one member of your team present during this pre-show hour for both preparation and security purposes.

### Please note:

- American Consumer Shows does not guarantee against loss, theft, or damage to your materials.
- You are solely responsible for the security of your personal items, merchandise, and displays.
- We strongly recommend not leaving valuables or sensitive items unattended overnight.

## Fire Marshal Rules & Regulations

All exhibits must comply with local fire codes and venue safety regulations. The Fire Marshal may conduct an inspection before the show opens, and your booth must be ready and compliant at that time. To avoid delays or forced changes to your setup, please follow these rules:

### Required Safety Standards

- All booth materials must be flame-retardant. This includes table covers, banners, curtains, backdrops, and signage. Materials may be subject to inspection and testing on site.
- No open flames, heat-producing devices, or exposed heating elements are permitted inside the venue.
- Power strips and extension cords must be UL-rated and in good condition. Daisy chaining multiple power strips is not permitted.
- Exits, fire extinguishers, and sprinkler systems must remain clear and unobstructed at all times.
- If you are displaying a vehicle or trailer, you must meet all requirements outlined in the "Vehicles & Trailers as Booth Displays" section of this kit, including battery disconnection and fuel limits.

### Prohibited Materials & Hazardous Substances

To ensure safety for all attendees and exhibitors, the following substances are strictly prohibited inside the venue:

- Flammable liquids, including gasoline, kerosene, lighter fluid, and similar fuels
- Propane tanks or any vehicles or displays powered by propane or other pressurized gases
- Compressed gases, petroleum-based products, or flammable aerosols
- Toxic, noxious, or hazardous substances, including paints, stains, polyurethanes, varnishes, sealants, or other chemicals with strong fumes or fire risk.

If your display involves any materials that may be questionable under these rules, contact show management in advance for approval. Unauthorized use of restricted substances may result in removal from the show floor.

Any booth that does not meet these standards may be subject to modification or removal by order of the Fire Marshal. Please plan your setup accordingly.

## Exhibitor Move-Out Process

Move-out for all exhibitors begins at 5:00 PM. You or a member of your team must claim your booth materials by 6:00 PM, and completely remove all materials by 8:00 PM. Any booth contents not claimed and removed by 8:00 PM will be subject to shipping and storage charges, or may be discarded by the venue.

### Move-Out Guidelines

- **No Monday Move-Out:** Monday move-out is not available at this venue. You must remove all display materials by Sunday night at 8:00 PM.
- **Bring Your Own Cart:** Exhibitors are strongly encouraged to bring their own carts, dollies, or hand trucks to move materials. While the decorator provides a limited number of carts, availability is not guaranteed.
- **Oversized Displays:** If you have an oversized display such as a trailer or vehicle, you will follow a first in, last out process. You won't be able to move your display until smaller booths, pipe and drape, and displays have been dismantled and removed. Our on-site team will be available to assist you in moving your oversized display out safely.

For more details on displaying vehicles or trailers, please review the "Vehicles & Trailers as Booth Displays" section of this kit.

- **Clean Booth Policy:** Please remove all garbage, debris, and broken displays from your booth space during move-out. You are not permitted to leave trash or discarded items at the venue.
- **Freight Pick-Up:** If you have arranged outbound shipping through a third party, make sure you confirm pickup times directly with your carrier. You are responsible for coordinating your outbound freight.
- **On-Site Assistance:** Our show management team will be available during move-out to help answer any questions you have about loading and departure procedures.

## Bridal Registration List

As a participating exhibitor, you will receive access to the Bridal Registration List from your event. This is a powerful tool to help follow up with interested attendees and convert leads into customers.

### How to Receive the List

You will receive an email from American Consumer Shows with instructions on how to download the Bridal Registration List.

- You will receive an email from American Consumer Shows with instructions on how to review the terms and condition and access the Bridal Registration List.
- This email will be sent no later than the Friday following the show.
- Lists are individually seeded to monitor usage and protect against unauthorized sharing.

Do not share the list with non-exhibitors or third parties. Exhibitors who distribute their list to any unauthorized party will be subject to substantial penalties, including possible exclusion from future events.

### Protect Yourself From Bridal List Scams

Unfortunately, many exhibitors across the industry receive fraudulent emails offering to sell attendee lists. These are not legitimate and have no connection to American Consumer Shows.

### How to Spot a Scam:

- Is the email from American Consumer Shows?  
*All legitimate emails come from the @ACSShows.com domain. If the sender is using any other domain, it's a scam.*
- Is someone asking you to pay for the list?  
*We do not sell registration lists. If someone is requesting payment, it's a scam.*
- Does something feel off?  
*Poor grammar, generic sender names, and urgent language are all common signs of scam emails.*

If you're ever unsure about an email or offer you receive, don't hesitate to check with us directly. Contact our customer service team at [CustomerService@ACSShows.com](mailto:CustomerService@ACSShows.com) or call 888-433-3976.

## Refunds for Exhibit Space

Refunds will not be made, in whole or in part, for unused exhibit space. Should the contracted exhibit space remain unoccupied at the show start on opening day, American Consumer Shows may assign it to another exhibitor or use it without obligation. All outstanding balances will remain due irrespective of American Consumer Shows reassigning such space.

Exhibitors that leave the show early, or are removed for any reason are not entitled to a refund.

## Parking Map & Load-In Overview

To help you arrive and get set up efficiently, please review the map and instructions in this section carefully. When you arrive on-site for move-in, head to the designated Load-In Doors marked on the map. This is your unloading area for the event.

### Unloading Procedure

- Use the designated Load-In Doors located off W. Cushing Street to unload your exhibit materials.
- Do not leave your vehicle unattended in this area.
- Once fully unloaded, move your vehicle to the Exhibitor Parking Area before setting up your booth.

### Mandatory Check-In

- Before setting up your booth, visit the Information Booth to check in with Show Management. This ensures you're in the correct booth space and allows us to confirm your arrival. The Information Booth will be located near the Load-In Doors during all move-in hours.

### Parking Rules

- There is a fee to park at this venue.
- Parking in the loading area is strictly prohibited. Vehicles left in unauthorized areas will be ticketed and towed at the owner's expense.

### Equipment Recommendation

- Bring your own hand truck, dolly, or cart to make move-in and move-out faster and easier.
- It is recommended that you bring your own step ladder to help hang up your signage. Standing on tables or chairs is not permitted.

### Venue Entry & Exit

- During show hours, only the main entrance and exit will be accessible.
- Emergency exits are alarmed and will sound if opened.

### Consumer Parking Priority

- Parking spaces closest to the venue are reserved for attendees.
- Exhibitor compliance is required to ensure convenient access for consumers, which helps maximize foot traffic and sales.

# BRIDAL & WEDDING EXPO

## IMPORTANT BREAKDOWN AND MOVE-OUT INFORMATION

### **MONDAY MOVE-OUTS ARE NOT PERMITTED**

Please inform your setup and breakdown teams to avoid any issues.

#### - IMPORTANT INFORMATION -

- Move-out begins at 5:00 PM on Sunday.
- All exhibits and booth materials MUST be claimed by 6:00 PM and removed from the hall no later than 8:00 PM.
- Exhibitor contents that have not been claimed and removed by 8:00 PM will be subject to shipping and storage charges or will have their displays discarded by the venue.
- The roll up door will remain closed until 5:00 PM on Sunday.

#### - HELPFUL GUIDELINES -

- **Pack & Secure Items** – Make sure everything is packed before heading to the loading area to get your vehicles.
- **Shipping & Freight** – The decorator may offer freight service, please stop by the decorator's service desk for availability.
- **Stay Aware** – Keep an eye on your belongings, exhibitors are responsible for their items.
- **Follow Loading Procedures** – Do not double park, block the load-in door, or drive into the hall.
